- Premium ready-to-use soaps for your self serve carwash
- Economical pricing in a 6 Gallon drum size
- Specifically formulated by Prowash and DuBois for the Australian carwash industry

Self Serve Carwash Soaps			
Description Part #	Product Information	Application	Recommended tip colour*
Tyre & Wheel SS157606	A heavy duty degreasing alkaline detergent that is designed to clean tyres and wheels. Contains a highly effective surfactant and solvent system for maximum cleaning. Provides a lemon scented yellow foam for customer appeal.	Low Pressure Tyre & Engine	Tan
Purple Presoak SS157806	An effective, deep cleaning low pressure alkaline detergent. Purple foam with a rich cherry scent for customer appeal. Effective for frictionless removal of dirt and grime.	Low Pressure Presoak	Green
High Pressure Soap SS157706	A deep cleaning detergent that is designed for self serve high pressure frictionless cleaning. Provides a rich foam with Pina Colada scent.	High Pressure Soap	Dark Brown
Foaming Brush SS157906Y SS157906R SS157906B SS157906W	A premium foaming liquid detergent with cherry scent designed for self serve bay foam brushes. The thick rich lather deep cleans the surface while providing excellent brush lubricity. Available in Yellow, Red, Blue and White. Can be used as a single colour or with specialised tri-colour foam dispensing equipment.	Foaming Brush	Dark Brown

*Tip colours are a recommended starting point. Individual sites may need to change up or down a size to get the desired results. Consult your distributor for more information.

Splatter Wax®

Description Part #	Product Information	Application	Recommended tip colour*
Splatter Wax with Carnauba Red SS151406R	Splatter Wax with Carnauba is a brilliantly formulated conditioner and wax all in one. It is infused with Carnauba wax for long lasting shine and protection. It has a rich foam and vibrant colour with a great fragrance. Splatter Wax with Carnauba leaves vehicles with a softness you can actually feel.	Direct Inject Automatic Tri-colour	Turquoise
Splatter Wax with Carnauba Yellow SS151406Y		Hydrominder Automatic Tri-colour	Dark Brown
Splatter Wax with Carnauba Blue SS151406B		Self Serve Splatter Gun	Orange

Clearcoats & Waxes

Description Part #	Product Information	Application	Recommended tip colour*
ProShine Ceramic Total Body Protectant SS185906	ProShine Ceramic Total Body Protectant is specially formulated with a proprietary polymeric silica base, which forms a ceramic glass-like barrier, bonding fully with glass, chrome, rubber, plastic, and paint. ProShine Ceramic TBP outlasts other protectants, protects your exterior by reflecting harmful UV rays, improves the cleaning results of repeat washes. Produces an ultimate showroom shine/feel and repels water like no other product on the market, resulting in fast drying times. For customer appeal it has a pleasant sweet watermelon scent.	Direct Inject Automatic Low Pressure	Pink
		Hydrominder Automatic Low Pressure	Purple
		Self Serve Low Pressure	Purple
		Self Serve High Pressure	Yellow
Rhino Sheen SS108606	Rhino Sheen is a high quality protectant by Blendco with a rich pina-colada scent. It is ideal for self serve high pressure applications.	Self Serve High Pressure	Orange

*Tip colours are a recommended starting point. Individual sites may need to change up or down a size to get the desired results. Consult your distributor for more information.

Automatic Carwash Chemicals

Description Part #	Product Information	Application	Recommended tip colour*
Rhino Brite Plus SS157006	Rhino Brite Plus is a strong acid presoak for use in two step processes. It removes mineral scales and soils that build up on the car surface and lead to dulling. This high foaming easy rinsing formula gives cars a shiny 'pop'. Rhino Brite Plus is a concentrated version of Rhino Brite making it even more economical to run with improved results	Direct Inject Low pH Presoak	Tan or Orange 25-35 drops
ProClean HA SS157206	A strong, non-phosphate liquid alkaline detergent which also contains a sophisticated collection of solvents and surfactants. This product can be used in two-step processes in automatic car washes.	Direct Inject Automatic	Green or Blue 30-35 drops

Prowash and Blendco are very proud of this range of formulated soaps developed specifically for the Australian market. Matched against other ready-to-use products, this range is the best balance of strength, show and value for money on the market.
